

Comfortland Hinged Knee Brace

HCPC L1832 Approved

Indications:

Internal derangement of the knee

Loose body in the knee

Chondromalacia of the patella

Old disruption of the anterior
cruciate ligament

Chondromalacia

Tear of cartilage or meniscus
of the knee

Sprains and strains of the knee

Lightweight Construction

The hinged knee brace is comprised of lightweight, breathable materials, helping to keep patients comfortable while improving compliance.

Improved Performance

A sturdy design and adjustable ROM hinge help to stabilize the knee and promote proper alignment, helping to relieve pain and restore patient functionality.

Multiple Options

The Comfortland hinged knee brace comes in various styles, featuring models with exposed hinges as well as covered hinges, as well as a “one size fits all” model that eliminates the need to keep various sizes in stock.
